

SPACIOUS INTERIOR

Spacious Interior with Outstanding Payload Abilities

Maximum Cargo Volume: 11.2m³
Mid-High Roof Model Interior Height ≥ 170cm
High Roof Model Interior Height ≥ 184cm

Practical square-like design maximizes every corner's functionality for efficient use. The medium-high roof and dual rear door design ensure easy loading and unloading. The robust chassis design provides ample load-bearing capacity, ensuring comfort and convenience even at full capacity.

COMFORT & STYLE

Practical Design with Comfort in Mind

Six-Way Adjustable Seats for Personalized Comfort
Efficient Air Conditioning System for Rapid Cooling

Featuring a simple yet elegant design, blending practicality with aesthetics, the vehicle embodies classic elements with a touch of modernity. The well-crafted interior, integrated central console, multifunctional steering wheel, and high-performance air conditioner ensure a luxurious driving experience.

Performing at High Altitudes and Varied Temperatures
Tested and Proven Durability

HERITAGE OF QUALITY

Through rigorous testing in extreme conditions, ensuring stable and safe performance, guaranteeing quality, with a general maintenance-free span of 500,000 kilometers.

Deeply rooted in the light commercial vehicle market, upholding classic quality, with mature and stable manufacturing processes. The solid use of high-strength steel in the body construction enhances durability, effectively protecting passenger safety.

Leading Sealing and Insulation Design for Noise Reduction

Utilizing Top-Quality Parts Suppliers like Bosch for Reliability

High-Strength Steel Coverage of 32% in Body Construction for Durability

Adhering to international standards in manufacturing, ensuring quality assurance

Strong Frame Load-Bearing Capacity with Classic Chassis Tuning

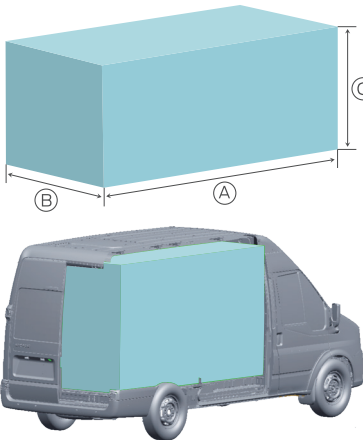

180-Degree Double Opening Rear Door for Convenience and Durability

Mid-High Roof Models with Interior Height above 170cm for Comfortable Handling

Maximum Cargo Volume up to 11.2 Cubic Meters for Easy Transport of Large Goods

VAN	A(mm)	B(mm)	C(mm)	Cargo Volume (m³)
SWB LR (Short Wheelbase Low Roof)	2461	1748	1700	7.3
LWB MHR (Long Wheelbase Mid-High Roof)	3087	1748	1740	10.6
BUS	A(mm)	B(mm)	C(mm)	Seat Capacity
LWB MHR 15 Seats (Long Wheelbase Mid-High Roof 15 Seats)	3476	1748	1843	15

0-100km/h Acceleration: 21.4s under Full Load
Maximum Power: 107kW, Peak Torque: 355N·m, Accelerating to 100km/h in 21.4s

Seventh-Generation Honeywell Turbocharger and Bosch High-Pressure Injection System for Optimal Fuel Combustion

Efficiency with Over 10 Million Units Globally Installed

German Getrag 6-Speed Manual Transmission for Smooth Shifting and Durability

POWER & EFFICIENCY

Leading Diesel Powertrain with Swift Performance

Diesel Engine Sharing Technology Platform with Ford PUMA
German Getrag 6-Speed Manual Transmission

The diesel engine, sourced from Ford PUMA technology platform, paired with a globally acclaimed transmission from Getrag, creates an exceptional powertrain. With a robust track record of over 10 million units worldwide and extensive calibration under varied conditions, it delivers prompt throttle responses, swift acceleration, and commendable fuel efficiency at 7.7L per 100 kilometers.

Fuel Consumption as Low as 7.7L/100km for Cost-Effectiveness

Prominent U-Shaped Grille Design for a Grand Appearance

Elegant "L-Shaped" Light Guide Position Lamp Design

Driver's Seat with Six-Way Adjustability for Personalized Comfort

Integrated Central Console for Streamlined Appearance

Multifunctional Steering Wheel with Easy Access to Functions

Air Conditioner with Multi-Angle Adjustment for Quick Cooling Endurance in Extreme Conditions

JMCG Facts

- The only commercial vehicle company establishing joint-ventures with 2 of Fortune Global 500 enterprises in China (Ford, ISUZU)
- Over 5 decades of experience in manufacturing vehicles

- Exported to 110 countries and regions
- UN authorized supplier

World-class supplier

BOSCH Light Truck: Electronic control unit,
sensors, oil pump, fuel injector
Pick Up/SUV:
Fuel injector, ESP assembly

ThyssenKrupp SUV (Diesel model):
Intake camshaft

DENSO SUV: Rear oxygen sensor

Continental Light Van:
ACU (Airbag control unit)

SCHAEFFLER Light Van (Gasoline model):
Clutch, fuel pump plunger
SUV (Diesel model):
Generator OAP belt pulley

ZF SUV/Pick Up: Electronic gear shifter,
automatic transmission, EPS assembly

faurecia Light Truck:
Exhaust pipe

COOPERTIRES SUV: Tyre

Valeo Light Van: Clutch

Johnson Controls Light Van (Gasoline model):
Battery

MAHLE Light Truck:
Pistons and piston rings

Visteon Light Truck: Combined instrument,
A/C control panels, HVAC, condenser
Light Van:
Combined instrument

BORGWARNER SUV/Pick Up:
Transfer box assembly,
transfer box ECU

GOODYEAR SUV: Tyre

MAGNA Pick Up/Light Van:
Transmission

LEAR CORPORATION Light Van: Seats

Honeywell Light Truck/SUV/Pick Up:
Turbocharger

TENNECO SUV/Pick Up:
Exhaust pipe system
