

Vigus

— 6TH GENERATION —

EXTERIOR DESIGN

SIMPLICITY & STRENGTH

The JMC Vigus embraces an all-new exterior design that reflects simplicity and strength. The bold high-riding stance conveys confidence and energy, while the clean, minimalist front fascia features a commanding JMC logo centered on an aggressive grille—inspired by JMC signature family design language.

PURE, SIMPLE, AND CLEAN DESIGN AESTHETIC

The Vigus stands tall and proud, with sharp, muscular lines full of energy

The X-shaped lines enhance the multi-layered visual depth

The side profile features sharply muscular lines

Rear doors that open to 75° ensuring easy access for passengers

LED Daytime Running Lights

EXTERIOR DESIGN

The cargo bed measures 1,545mm length, 1,595mm width, 545mm height, with an internal volume of up to 1.34 m³, it leads its class, and comes standard with a protective bed liner.

Futuristic X-shaped taillight design

Standard with a protective bed liner

Tailgate 750mm off the ground, easy for heavy loading.

POWER & CAPABILITY

Beyond Extraordinary

The NB25-2.5L Turbo Diesel, the first engine from JMC's all-new diesel power platform. It generates 123kW max power and 430Nm peak torque, delivering strong low-end response with 310Nm at only 1,000 rpm. Sustained torque exceeds 380Nm across the 1,200-3,000 rpm range. Even fully loaded, the Vigus Plus accelerates 0-100 km/h in just 14.7 seconds.

8-SPEED AUTOMATIC TRANSMISSION

Wrapped in premium leather and metallic materials, offers a sophisticated feel. 500,000 km of bench testing ensuring reliability and durability.

MAGNA 6-SPEED MANUAL TRANSMISSION

A global volume exceeding 10 million units delivering smoother shifting and improved fuel efficiency. It features adaptive clutch adjustment for long-lasting durability and lifetime maintenance-free transmission fluid.

BORGWARNER 4WD SYSTEM

Featuring a 4L low-range gear, enhances torque for off-road challenges. An optional rear differential lock further boosts traction, making the Vigus unstoppable across all terrains.

NB25 2.5 TURBO DIESEL ENGINE

With a high thermal efficiency of up to 43.6%, far exceeding the level of its peers, NB25 2.5-liter Turbo Diesel Engines provides rapid strong power, while also being fuel-efficient and durable.

123 kW
Maximum power

430 N·m
Maximum torque

43.6%
Engine thermal efficiency

7.0 L per/100 km
Fuel consumption

14.7s(0-100km/h)
Full load acceleration

X-MIRROR INTAKE MANIFOLD

Optimizes airflow distribution for superior combustion efficiency

BOSCH CB4 HIGH-PRESSURE COMMON RAIL SYSTEM

Delivers 2,000Bar injection pressure, maximizing fuel atomization and efficiency

DUAL THERMOSTAT COOLING SYSTEM

Maintains optimal temperature, achieving class-leading 43.6% thermal efficiency and 7.0L/100km fuel consumption

ROBUST CONSTRUCTION

HT300 cast-iron block withstands 300MPa pressure; Federal Mogul piston system ensures durability

RIGOROUS VALIDATION

48,000h bench testing (5.76M km equiv.), 1,202h full-throttle endurance, guaranteeing 800,000 km B10 lifespan

INTERIOR

Premium SUV-Like Experience with Best-in-Class Space

The Vigus provides an upscale, tech-focused cabin that rivals premium SUVs. The Vigus elevates cabin craftsmanship with human-centric design, merging premium comfort with functional sophistication to deliver a truly commanding SUV-like experience

TIRE PRESSURE MONITORING SYSTEM
Enhances safety driving.

HILL START ASSIST AND HILL DESCENT CONTROL
Ensure a stress-free driving experience

MULTIFUNCTIONAL STEERING WHEEL
The all-new two-spoke ergonomic steering wheel offers a comfortable grip, and features cruise control.

FLOATING DUAL-SCREEN SETUP
12.8-inch touchscreen with Wireless Apple CarPlay & Android Auto, complemented by a 9-inch floating digital instrument cluster for a futuristic cockpit experience

LEAR SEATS
Lear seats provide exceptional support and comfort

 **REAR WINDOW DEFOGGER**

**THE VIGUS PROVIDES AMPLE
INTERIOR SPACE LEADS ITS CLASS**

The 1,470mm rear row comfortably accommodates three passengers. Additionally, the rear seatback can be folded down and the flip-up rear seat cushion reveals a hidden storage compartment.

USB INTERFACE

POWER MIRROR

36% FASTER COOLING RATE AC

The air outlet could reach 11.7 °C in 10 minutes under the 43 °C test environment, With the negative ion fresh air system, every breath in the vehicle is fresh and pleasant.

SAFETY & RELIABILITY

Your safety is always the top priority. The Vigus is equipped with various active and passive safety features and auxiliary functions to ensure absolute driving safety and convenience.

-  Anti-lock Braking System (ABS)
-  Electronic Brake-force Distribution (EBD)
-  Electronic Stability Control (ESC/ESP)
-  Hill Launch Assist(HLA)
-  Hill Descent Control (HDC)
-  Driver & Passenger SRS Airbag
-  Tire pressure monitoring System (TPMS)
-  Reverse Camera & Parking Sensors
-  Cruise Control

DURABILITY TESTING

The Vigus sets a new standard in durability testing. JMC conducted 128 prototype tests over a cumulative 3.9 million kilometers—equivalent to 97 laps around the Earth.

EXTREME ENVIRONMENT TESTING

The Vigus had rigorously tested under 70°C extreme heat, -29°C freezing cold, and at 4,800m high-altitude conditions, covering over 210 calibration projects.

EXTREME OPERATING CONDITIONS TESTING

The engine has undergone 48,000 hours of bench testing (equivalent to 5.76 million kilometers), including 1,202 hours of full-throttle endurance testing, guaranteeing a B10 lifespan of 800,000 kilometers

THE 420-GRADE STEEL LADDER FRAME CHASSIS

Delivers 1,150N/mm bending stiffness for superior stability and reduced body roll, with its 4,910mm length reinforcing structural rigidity.

FOUR-WHEEL DISC BRAKES

Featuring front calipers with 63.5mm pistons and 304×28mm ventilated discs—ensure robust stopping power, complemented by an ESP system for enhanced safety.

DOUBLE-WISHBONE FRONT SUSPENSION WITH COIL SPRINGS

60-day enhanced corrosion resistance test, ensuring long-lasting durability for coastal and snow-covered regions.

CHASSIS & SUSPENSION

Built for Stability and Comfort

Vigus provides a solid and reliable chassis design, with solid materials and stable braking performance, balancing driving safety, long-term reliability and comfort. Provide a solid foundation for excellent driving experience.

BODY & CARGO

Built for Strength, Durability and Practicality

With decades of experience in vehicle manufacturing JMC always prioritizes user safety. Vigus uses high-strength steel body design, which has been tested for safety and durability in various tests, to create the ultimate body safety.

HIGH STRENGTH BODY, CREATING ULTIMATE SAFETY AND DURABILITY

68% high-strength steel cargo body, 990MPa ultra-high-strength steel for the B-pillar Sill Beam, The Vigus provides exceptional cabin stability in the event of a collision.

100% GALVANIZED EXTERIOR PANELS

60-day enhanced corrosion resistance test, ensuring long-lasting durability for coastal and snow-covered regions.
